

INVEST IN TOMORROW'S ENERGY

INVEST IN WESTHOLLAND

The sector Oil & Gas in the greater The Hague region is characterized by the presence of large, national and global Oil & Gas companies, research institutes, educational institutes, engineering firms, small and medium enterprises and suppliers. Both 'upstream' and 'downstream' sectors are represented in this region, although The Hague is traditionally associated with 'upstream'. The largest company within this cluster is Royal Dutch Shell, which has its global headquarters and center of expertise in E&P in WestHolland.

A STRONG CLUSTER

Multilingual, highly educated labor force

Due to the large number of companies and R&D institutes working in the exploration and production industry in the WestHolland region, there is always sufficient supply of skilled personnel. There are specialized recruitment agencies:

Fircroft Engineering Services,

fircroft.com

Air Energi Netherlands,

airenergi.com

NES Global,

nesglobaltalent.com

Oil and Gas Expertise Network

NOGEPAN - nogepa.nl Dutch branch association for the Netherlands Oil and Gas Exploration and Production Industry. They promote the common interests of all companies holding licences to explore for, develop and produce hydrocarbons on- and offshore in The Netherlands.

IRO- iro.nl represents the interests of the Dutch supply and service companies in the upstream oil and gas industry. Members cover all activities involved in the supply industry, such as engineering, field

development, pipeline installation, maintenance, manufacturing and material & equipment supply, onshore as well as offshore. VNPI- vnpi.nl represents the common interest of seven oil companies in the Netherlands.
